Furnace, Boiler, bicycle, grill, stove, washer mower, snowblower, etc	no charge no charge	Drain gasoline
dishwasher, trash compacter, water heater	no charge	

Warwick Transfer Station is for use by residents only (year-round and seasonal)

See the attendant for direction and with any questions.

Recycling is the law. We provide for the following sorts:

metal	plastic bags	electronics
comingled containers	wood pellet bags	tires
paper	5 cent deposits to support animal control	

Trash and bulky waste are not recycled. In each case what you don't recycle goes to a landfill.

Break down boxes before putting them in the compactor.

The compactor stroke is short relative to the container.

Help us get more in each load by breaking down your boxes.

Bulky charges are by volume even though we pay for disposal by weight.

It costs the same to ship a light load as a heavy one.

Note the surcharge for bulky items longer than four feet in length.

Cut up carpet, lumber, and sheetrock so we can compact the load.

No charge for most metal items - put them in the appropriate container.

There is a charge for removal of reffridgerants. Not negotiable.

The transfer station is not a swap meet.

If you have something "good" to give away advertise it on the e-mail list.

For liability reasons we prohibit scavenging.

We can not accept hazardous materials.

No used motor oil or antifreeze.

Paint must be dry.

A Household hazardous waste day is held once each year.

What to do with small batteries?

No charge for AA, AAA, C, D, camera, other small batteries. See attendant. Same for lightbulbs.

If you buy a new auto battery you can turn in the old one in where you bought the new one.

Mattresses and box springs are very expensive for us to accept.

We are charging our cost.

Most sellers of new bedding will haul away the old as part of the transaction.

So that the attendant can spend more time making the transfer station run effciently
and less time being a retail clerk,

bags purchased at the library or at town hall cost less than those sold at the transfer station.

Your payment by check, rather than by cash, whenever possible, is appreciated.

Our hours of operation are Saturdays from 8:00 a.m. to 3:00 p.m.

During July and August we are, in addition, open Wednesdays from 3:00 p.m. to 8:00 p.m.
