NEW TOWN WEBSITE: The Warwick Communications and Technology Committee (formerly the Broadband Committee) are happy to report that the Town's new website is well under construction and a lot of information has been brought over from the old website with just a few sections needing to be finished. Once the data is up, more attention to aesthetics will be paid. Please take a look at the website and, if you have comments or suggestions, you may send them to the Town's new webmaster, John Paganetti at jpaganetti@town.warwick.ma.us.

WEBSITE ADDRESS is currently <https://new.warwickma.org>

The Green Corner

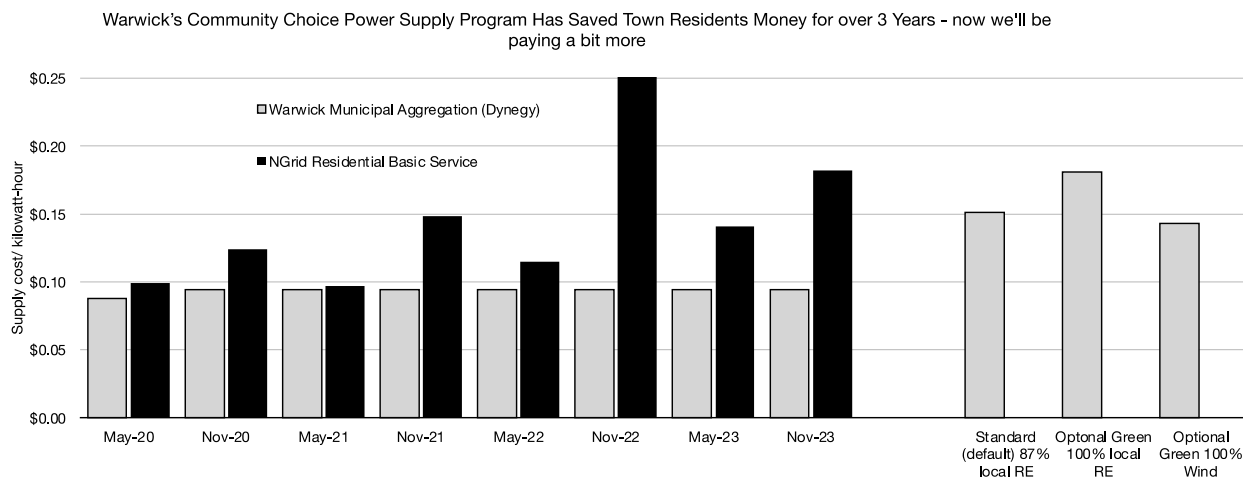

At the beginning of December, many Warwick residents received a postcard explaining the Town’s new Community Choice Power Supply Program options.

Those who are in the program now don’t have to do anything – they will be automatically enrolled in the new program at the new standard (default) rate. This year there are two other options – one more expensive and another slightly cheaper option (see chart below).

Even the least expensive option is quite a bit more than the deal we got over three years ago. Those prices are probably gone for good. Starting with the bill for January usage, folks will be paying more than what they were accustomed to. If it is any consolation, all three prices are still lower than what National Grid is now charging for the supply portion of the bill.

If you are wondering if you are in the program now, look at page two of a recent bill under “Supply Services.” If it says “Dynergy (Warwick Aggregation)” and the price per kWh is .09433, then you *are* in the program at the default rate. If your bill has another supplier, then call the number listed there and see if you can switch.

For more info visit www.colonialpowergroup.com/warwick or call 1-866 -485-5858 ext 1.

Wishing everyone a happy, healthy, and energy-efficient New Year!

Coordinator Notes - January 2024 - David Young

The past few months have seen both the Transfer Station and Highway Commission much more active. Highway commissioners have even met on Friday evenings to interview applicants. In the end, they recommended Matt Dorgan who was already employed by us as superintendent. Welcome, Matt. The phone number and email for the department remain the same: 544-6349 and highway@town.warwick.ma.us. The Commission has a lead on another employee, so if you have been considering applying to drive and labor, please do so.

Our property tax bills will be coming out soon, and you will note that the property valuations have jumped. This was due to appreciation over the last few years in the market. The adjustment was a factor applied across the board. Your assessment relative to total assessments is the way we allocate the tax burden among payers. Changes in valuation will change the tax rate, and they will not affect the tax levy which is the tax revenue we are allowed to bill. That amount is the result of annual town meeting votes and limited by the tax cap law known as Proposition 2½. The key piece to understanding is the levy limit. It is the maximum we can tax per year, and it grows by 2½ % per year unless authorized by an override vote.

Often at full revaluation there will be some movement between different properties in response to market appetite or lack of for certain types of housing. Say, new versus old. But this time the valuation change is due to an applied factor. The assessors did go out and look at properties. This resulted in finding some new valuation for additions and other unpermitted work. This results in more money for the town and is called new growth. Except for finding hidden new growth, a re-valuation does not result in more funding for the town because we are calculating backwards from the amount we need and are allowed to tax, and property valuations establish the allocation.

Electric supply costs for us are going up. We are part of a multi-town group aggregating our supply of electricity, and our very favorable three-year contract is expiring. We went out to bid, and the new contract is more costly and the best we could do. It is a two-year contract. It is, however, less costly than the National Grid standard offering and especially after they increase rates for the winter. To get the lowest price you are going to need to contact Colonial. I have no doubt that there is more in this newsletter on the subject, and know that Building and Energy Committee Chair Janice K has been at Senior Lunch the last few Tuesdays to discuss this change with folks.

Thanks to Representative Suzanne Whipps for getting the town a \$50,000 earmark grant for our Fire Station construction. This is known as a member item or derisively as pork. We got it contracted this week and are very appreciative of her efforts. Over the holiday break a grant-funded electric air-to-water heat pump is being installed in the Fire Station equipment bays. We are exploring grants for FD rooftop solar which would make it free to heat the Fire Station, and I am making a pitch for internet-connected weather stations around town that would report on—among other things— the road surface temperature.

Highway, Tree Warden, Forest Committee, our private service forester, and MA DCR are working together to address hazard trees in the Gulf, those S turns on the portion of 78 called Winchester Rd. This is something that has been bothersome to those who look up for some time, and we want to accomplish removal in advance of new guardrails we will be installing with grant funding. The project includes the State dealing with their side of the road (the west side) and the Town on the eastern slope.

The recent Special Town Meeting accomplished our goal of getting legislative approval to enter a busing contract for five years. The contractor will transport our kids to high school and junior high and then run the same bus at no added cost over the roads at a different time for elementary. In addition, we authorized acquisition of a seven or eight passenger bus that we will own for student transportation. This will require a town employee driver. This owned short bus is to supplement, not replace, our need for a contracted big bus.

Seniors, mark your calendars for noon on Tuesdays for Senior Meal at Town Hall. No reservations are required, the food is good, and you might enjoy the company. Lastly, in the month of January the Selectboard will meet on Tuesdays because of the Monday holidays.

Epiphany

Epiphany is considered to be the third most important holy day in the year of our Christian church after Christmas and Easter. In “third place” after the birth and crucifixion of our Lord Jesus Christ. But what is Epiphany and why is it even THAT important?

If you have ever used the word epiphany it was probably about a revelation or sudden realization of something you or someone else had not recognized before. In our church, the Epiphany of the wisemen probably occurred on January 6 or thereabouts. That would put it 12 days after Christmas. The 3 Magi, wisemen or scholars, Kings, as they are considered, had been drawn by God and a bright, beautiful star, to the stable where they saw Mary, Joseph, and the newborn baby Jesus. They perceived this was a very remarkable occurrence and brought gifts for the child with them. They certainly would have felt the presence of some great power in the aura of the stable and the young family sheltering within for the night.

On their way back from having seen Jesus in the stable, they surely would have discussed this remarkable event, what they saw, and what they were feeling: the strong presence of some great power. And then it struck them. They HAD been in the presence of God. They had an epiphany that what they had seen, witnessed, and felt was in fact God being present in the stable with them. That day was for them, and eventually for all Christians, a landmark of the awareness of God being in our lives if we but look.

We should feel blessed and encouraged that we have the ability to feel and act when we recognize the presence and power of God beside and within us. We need to keep our eyes and hearts open to the possibility that God has tasks and actions for us to undertake to fulfil God’s purpose of love, compassion, and caring for others. Feeding and helping the poor. Seeking justice in the operations of law and politics. For us to take on the tasks of assisting victims of war and the huge responsibility of ending war.

Let us pray that we too will have our own epiphanies to guide us in the direction where God would have us go.

Deacon Michael

UP COMING EVENTS

Epiphany: We will be celebrating Epiphany on Sunday, January 7, 2024, at 5:30 p.m. Please join us as we gather around a bonfire, enjoy mulled cider and cookies, and consider the year past and the one to come. We will also provide the makings for s'mores! Please bring your undecorated Christmas trees and/or wreaths to add to the fire.

Movies in the Chapel: We HOPE to start off the New Year with "Killers of The Flower Moon" on January 24th, depending upon NetFlix availability. This 2023 "epic Western crime drama" focuses on tragedy that strikes the Osage Nation in 1920's Oklahoma after oil is discovered on tribal land. Directed by Martin Scorsese and starring Leonardo DiCaprio and Robert De Niro, this is an important and moving film not to be missed. Due to it's length, we have chosen to show "Killers of The Flower Moon" in two parts, with the date of the second part to be announced. Stay tuned for more information on this showing!

"Save The Date": Mark your calendars for February 17th when Pizza and Blues Night returns to the Town Hall. The Mighty King Snakes will be performing at 7:00 p.m. following pizza from the Mission Committee. Don't miss this great event!

ON-GOING ACTIVITIES AT THE METCALF CHAPEL

FOOD PANTRY DONATIONS *Nonperishable food, personal hygiene items and household cleaning supplies are collected in the front hall of the Chapel. The personal & household cleaning items are especially needed as they cannot be purchased with "food stamps."*

BLANKETS/SHEETS/PILLOW CASES/ ETC. *Bring clean, useful sheets (the shelters only have twin beds and mattresses) blankets and pillowcases, towels and washcloths to the Chapel, and we will get them to the shelters.*

MEDICAL SUPPLY LIBRARY *We have crutches, wheelchairs, walkers and many other medical supplies for free loan at the Chapel. Check us out before buying new. **Please bring only "durable equipment" (wheelchairs, walkers, "potty chairs" & similar items).***

FREE FOOD FRIDAYS 9 AM @ the Chapel Thanks to Clyde Perkins Sr., Zac Marti and many others, we have free food to give to those in the surrounding community who could use help stretching their food budget. Come check us out.

Warwick Community School News

Happy January & 2024!

We hope you had a joyful and peaceful holiday season with your families. We are excited to be back in session with the community's children!

In December we had our first-ever Community Exhibition of Learning. Teachers shared curricular updates and students shared their learning with the families. All of the students shared winter songs and we enjoyed some cider and cake to celebrate.

Our school is place and project-based. Whenever possible we center learning in and about nature. In the new year, we would love to involve community members who have expertise in the areas that students are studying. Here are the units being studied in the new year:

- Kindergarten & First Grade will continue to investigate regional trees on our woodland campus.
- Second & Third Grade will focus on adaptations and “the wide world of frogs”.
- Fourth, Fifth & Sixth Grade will learn about human rights.

If you have expertise that you would be willing to share with students and teachers, please email Carole at superintendent@warwick-k12.us.

Teachers will complete our first set of report cards at the end of this month. All of us look forward to sharing students' progress in all subject areas including art, physical education, music and pottery.

We continue to spend a great deal of time outside with our students - learning in and about nature. We welcome donations of gently used boots, gloves, rain and snow pants and jackets in sizes 4-14. Please feel free to drop any donations you have off at school.

Warmly,

Carole, Jen, Jess

Museum Passes: The Warwick Library has free admission passes to the Brattleboro Museum of Arts & Culture, the Eric Carle Museum of Picture Book Art, the Clark Museum, Historic Deerfield, the Magic Wings Butterfly Museum, MassMOCA, Mass. State Parks (DCR Free Parking Pass), and the New England Botanical Garden. **Coming soon:** Passes for The Trustees of Reservations to visit their many natural and cultural sites across the state.

Learn & Play Group - Mondays at 10:30 am: Warwick Library is pleased to host this program for kids five and under and their families. For details and to register contact Debra Wood at woodd@pvrsdk12.org or 413-334-9583.

Monthly Short Story Hour - Anton Chekov: Thursday, January 25th - 7:30 pm:

This month we'll read selections from "Five Great Short Stories" by Anton Pavlovich Chekov. Chekov (1860-1904) was a Russian physician, short-story writer and playwright. While best known for plays such as "The Cherry Orchard" and "Uncle Vanya," he wrote hundreds of stories that delved beneath the surface of Russian society, exposing the hidden motives of his characters and the ways in which prevailing social forces influenced their lives. Come to read or just to listen.

New Town Website & Library pages: The Library is very pleased to be able to share information on the new town website, found at: warwickma.org. To go directly to the Library site, visit warwickma.org/library.

Warwick Oral History - full video series: All seven program videos from the 2023 series are now available on the Library's YouTube channel - go to www.youtube.com/@warwicklibrary9625; or visit the Library's Oral History page on the new town website.

Free 2024 Library Wall Calendar available: Need one? We have a few left.

Did you know?: Our sun moves about one million miles a day as it revolves around the galactic center. How many earth years does it take the sun to complete one orbit or revolution around the Milky Way: 2 million years? 20 million years? 200 million years? One solar birthday is equal to 200 million earth years. So at 4.6 billion earth years old, Sol, our sun, is about 23 solar years old.

HAPPY NEW YEAR!!!

President's notes

On Dec 20th at 7:00pm WHS held its yearly Yankee Swap party. For those that didn't attend, you missed a good time. We had lots of homemade treats and had a lot of fun with the Yankee Swap. It started with a bang as the President dropped a nice Yankee Candle, which shattered all over the floor. The gift choosing went well after that with no swapping of, or stealing of gifts.

We have a much-needed new member. Welcome to Gloria Varno a well know person in our community. A second person is interested in joining so my request for new members was not wasted. We still need more members to secure the continued operation of the Historical Society. As the weather warms we will be curating and cataloging the many donations given the Society in the last couple of years. This involves reviewing donations, writing descriptions, taking photographs, finding a place in our collection, and adding to the online catalog. If you have any interest in these activities please let be know. Our next meeting is on March 20th, lower town hall at 7:00pm.

Warwick Arts Council & Wooden Fender Event

Saturday, January 20, 2024, the Warwick Arts Council and Wooden Fender present **Souper Supper** and a concert/dance by the **Butterfly Swing Band** at the Warwick Town Hall, 12 Athol Rd., Warwick, MA **Dinner: \$10 for adults, \$5 for children**

Music: by donation

From 6:00-7:00 PM, join the Warwick community for a meal of homemade soups, chilies, bread, and beverages.

From 7:00-9:30 PM, dance or listen to the exuberant swing/jazz grooves of the Butterfly Swing Band. The group covers classic hits from the 1920s through 1940s by swing greats such as Duke Ellington, Count Basie, and Benny Goodman, as well as tunes from contemporary artists such as Imelda May and Diana Krall, and they play some of their own compositions. Kate Nicolaou and Amanda Bernhard provide vocals, with Bill Shontz on sax, Brian Bender on trombone & trumpet, Robby Roiter on guitar, James Daggs on standup bass, and Joe Lomonaco on drums. They promise spontaneous riffing, sizzling solos, and a great time!

Our goal is to create harmony between our music and you, the dancer, in a way that allows you to improvise and syncopate to the live swing jazz era and the contemporary dance music we love to play. Playing hot classic and contemporary swing grooves and more, our music comes from the 20's 30's & 40's, embracing early swing and contemporary genres, occasionally changing it up with our unique style of creative improvisation, spontaneous riffing, & sizzling solos.

All proceeds go to the Warwick Arts Council/Wooden Fender

Wooden Fender Presents:

Memories of the Past

Presented by:

Warwick Historical Society

Charlie has been gone awhile now, but a good part of what I know of Warwick's history I learned from him. I came across this poem that my Dad wrote about him and thought it would be enjoyed by those who remember him.

Years ago when I was your neighbor, you called me, a little twit
It was for me your favorite nickname
And everyone called you Junior because you and your father
were named the same
Little knew we then as our worlds revolved and we migrated in separate ways,
each our lives to meld
That in our retirement years that our addresses again, are in Warwick,
and in a same area, held
Though the Warwick of my youth and the history there, always held
a big place in my heart
Your thoughts reached back to Warwick's historical past, and you researched it,
all the way back to its start
Now there is a saying among Warwick historical searchers that's true
and it goes through all of the town
When you have a question about Warwick's past and you don't know the answer,
just call Charlie Brown

Tempesta's (603) 355-1311
 401 Winchester Street Closed Sun - Tues
 Keene, NH 03431 Open Wed - Sat 11:30 AM to 8:00 PM

I hadn't been to Tempesta's in quite awhile until recently, and now I have been there twice in the last month: once for lunch and once for dinner. For dinner I had their Baked Sea Scallops in butter and white wine. Excellent! For lunch I had their Turkey Club Sandwich with fries and could only eat half and had the rest at supper.

The food is always fresh and tasty. The service is always nice, but be prepared for a wait. When we went for dinner we got there at 4:30 PM and were able to get in, but by the time we left the line was out the door. I met my nephew at 11:45 AM for lunch and the line was already long, but we got seated. Around the holidays there are lots of parties, so beware!

In addition to their regular menu, they have a whole page of "specials." Prices are "reasonable" on most items. I'm sure they had to go up on prices as did everyone, but they still give good portions and fresh food.

It's a short ride to Keene, and right before the first rotary you take a left and turn into the hotel parking lot. They are now attached to the hotel; no longer in the little building when it was Jim/Eddie's. I highly recommend it.

Bon Appetit!
