### April is National Poetry Month

Appreciate poetry. Write a poem to a friend. Read poetry out loud. Read and check out a book of poetry from the Library, such as a book from the poet, Mary Oliver.

She wrote, "Pay attention. Be astonished. Tell someone."

My son, Ned Green, wrote poetry as well as descriptions of his hiking. Once he wrote, "Today was poetry, " as he hiked along. His poetry and trail journals are featured in the book, *Cutting a Bond with the Long Trail*, also available at the Library.

Here is a haiku noting a spring occurrence in Warwick:

Bass Swamp lone beauty  
Blue Heron salutes springtime  
Basking in sweet warmth

Clare Green

### VERNAL POOL DAY

Join members of the Conservation Commission on **Sunday, April 21st at 1:00 pm** on a walk in the Warwick woods to a vernal pool. Spring is the best time to observe all the "action" taking place in vernal pools and to learn about the creatures that depend on them. We will be collecting information to protect this important habitat. Meet in front of the Town Hall to carpool to the site (TBD). Wear sturdy hiking shoes or boots. Some walking on and off trail may be required. Rain date Saturday, April 27th at 1:00 pm. Questions, contact Chris at [cduerring@hotmail.com](mailto:cduerring@hotmail.com)

**Restaurant Review**

Tavern On Central

Hours: Mon-Closed  
 Tues-Wed 4PM to 8PM  
 Thur-Fri 4PM to 9PM  
 Sat 12PM to 9PM and Sun 12PM to 8PM

Tavern on Central is one of our favorite restaurants after going to Theater at the Mount for our plays. It's only about an eight-minute ride from the Theater once you get out of the parking lot.

The food is excellent. I can truly say, "I have never had a bad meal." We went last month and I had the best Fish and Chips ever: a huge haddock filet laying on a platter of fries and a side of coleslaw. I could not finish it, so I brought a huge piece of fish and some fries home for lunch the next day. Everyone loved their dinner. We each had a cocktail and my bill was about \$30, including tip. The service is always great. We watched so many appetizers being served that we decided the next time we go there, we are getting a bunch of appetizers to share and cocktails — and skip the meal. I have never had dessert there and have never even looked at the dessert, as I am always full. So, we might add a dessert next time when we have the appetizers! Okay, let's go now!

Bon Appetit,  
 Gloria Varno

So check it out and help make this amazingly informative and entertaining town resource even more so!

**Did you know?:** In 1863, Jules Verne (*Journey to the Center of the Earth, Around the World in 80 Days*) wrote *Paris in the 20th Century*, a manuscript that predicted glass skyscrapers, submarines, the technology to land on the moon and feminism. His publisher rejected the story because it was so unbelievable, so Verne put it in a safe--where it was forgotten until his great-grandson rediscovered it in 1989. It was published in 1994. (Verne has been the second most-translated author in the world since 1979, ranking below Agatha Christie and above William Shakespeare.)

## WARWICK COMMUNITY SCHOOL NEWS

Happy April,

We just completed our spring conferences! During these conferences students and teachers shared students' progress on their personalized learning plans and their learning goals. Feedback from parents has been that these are some of the richest discussions they have had about their children's learning. We thank our families for their involvement!

Our hiring committee has begun interviews for the 2024-2025 school year. We are looking for classroom teachers, a psychologist (part time) and an art teacher (part time). If you have any contacts who would be a great match for our school, please ask them to send a resume to Carole. Her email is [superintendent@warwick-k12.ma](mailto:superintendent@warwick-k12.ma). Thank you!

Community friends, we are outdoors learning and exploring in the rain and mud this spring. If you have any rain boots, jackets, pants or hats that you are no longer using, please consider donating them to our school. We are looking for sizes 4-14 and donations can be dropped off in our front office. Thank you!

We are investigating the possibility of opening a preschool classroom at WCS in the coming years. We would love your input. Please send any interest or feedback you might have to Carole.

Also, if you have not had a chance to share your “glows” and “grows” with us, this is a great time to do it. As a learning organization, we appreciate your feedback as a chance to learn and grow. Here is the link to our feedback survey. <https://wkf.ms/3TuYesO> Thank you!

Warmly,

Carole, Jen, Jess & Gina

## Coordinator Report for April 2024 Warwick Newsletter by David Young

Beginning in April the Transfer Station will be open every other Wednesday evening (first and third of the month) with hours from 3 to 7 p.m. During the summer, the Wednesday schedule will revert to what you are accustomed to, July through the Wed after Labor Day. No doubt some adjustments will be made to accommodate shortened days as we are not equipped to operate in the dark. Related to this, the annual roadside cleanup day is 4/20. Look for details elsewhere in this newsletter.

The Warwick Recreation Committee needs two more members. That would make three. Leanne is supported by some volunteers who do not wish to be committee members. A lot is going on. There's Yoga, Zumba, hikes, dances, and activities for kids. They have supported acquiring equipment for the school kids and adults including pickleball, ping pong, basketball. We are thinking about starting a badminton ladder. They have held ballroom dancing and mushroom walks. Our Zoning Board of Appeals, a body that gets to work when there are special land use requests, needs members. We have three by the skin of our teeth and should have a five-member board.

Annual Town Meeting is May 6th Monday. The Selectboard have decided to move the Town Meeting back to the town hall. There is a plan to have a pre-town meeting, an opportunity to ask questions of the Finance Committee at a separate meeting prior to the town meeting. The finance committee plans once again to have detailed written explanations for voters. This premeeting will give folks a chance to get more comfortable with the material prior to the meeting.

We have a new building inspector who begins April 1st. We welcome Justin Gale and thank Phil Delorey for his many years of service. We are looking for custodial services at Town Hall with the departure of Gerry Flematti. I have somebody who will try the cleaning but is not up for the winter.

For the past three years the town has benefited from the American Rescue Plan Act (ARPA). It is a federal stimulus package that provided \$1.9 trillion in relief and recovery funds to address the economic and public health impacts of the COVID-19 pandemic. The ARPA includes \$350 billion for state and local governments, of which Massachusetts got about \$8.1 billion. ARPA funds were used in the past three years to support MA highways and to aid MA municipalities through grants. The ARPA allocates \$26.5 billion for highway and bridge projects across the country, of which Massachusetts got about \$435 million. During this time Warwick received three \$1M highway grants, \$640K of flood relief funding from the state for an event which was not federally-eligible though FEMA. ARPA funds also supplement the existing funding sources for projects, such as the federal Highway Trust Fund, the state Transportation Bond Bill, and the state gas tax. The ARPA funds have accelerated the completion of projects and have created or sustained thousands of jobs. There has been considerable investment to reduce greenhouse gas emissions.

Warwick received \$237K. The funds must be obligated by December 31, 2024 (we have met this requirement) and must be spent by December 31, 2026. The ARPA funds boosted the fiscal health and economic recovery of our town. We have used the funds to invest in infrastructure. Examples include the transfer station wall and a fence under construction, fire station construction costs, supported outside consulting to help us make Warwick Broadband better able to meet the increased traffic folks working from home added, paid for some of the costs we incurred with legal and educational consultants needed to start our own school district, supported software upgrades in tax collections, assessing department, and was used to invest in technology to mitigate infection such as air cleaners. Finally, I note that getting MA DEP and US EPA financial support for the cleanup at the Wendell Road PFAS contaminated town owned site would never have been on such a fast track. Typically, the wait to be funded is years. It is clear to me we are better off, and we can be grateful we made investments and did not use much for revenue infill that would cause taxpayer burden to go up when the funds are gone.
