### Healing Circle Offers Relief

Overwhelmed by family commitments? Noisy neighbors driving you crazy? You're not alone. Stress is the foundational cause of many illnesses. Often, the best measure to prevent serious illness is to cool down the emotions and turn down the noise of modern life.

The Healing Circle is your place for relief on Friday night. A core group of participants refined the format, including a directed healing session and guided meditation. You'll hear the message: this is a quantum universe. The curative energies of the world are available to all of us. Often, healing involves a simple request and the willingness to make ourselves available for healing. The message is always positive.

The Healing Circle meets the first and third Fridays of every month, at 7 p.m. at Town Hall. Drop by for a refresher course in how to relax. It might save your life.

A different kind of review from Gloria Varno: Groton Hill Music Center

I was browsing the internet one day and stumbled upon an interesting venue. It was at Groton Hill Music Center in Groton, MA, which I had never attended. The concert was going to be an all-Flute Concert on a Sunday afternoon at 5 PM. So, I went online and found that tickets were \$17. I called a friend about it and sounded good to her, so I ordered two tickets and was able to get the last two tickets in the front row!

We left Warwick at 3:30 PM to give ourselves plenty of time to get there. We arrived at 4:30 PM, parked the car and walked in. The place is gorgeous. They have a bar outside the theater if you care to have a cocktail before the show. We walked in and found our seats and couldn't get over the size of the place. An usher was standing nearby, so I motioned to him to come over. I asked how long the place has been here, and he informed me about 18 months! We were in the auditorium that housed 1000 people, and they also have a smaller auditorium that houses 300 people. In addition, their website mentions they hold concerts on the lawn outside. They also have a restaurant in the building, which you can walk from the auditorium down the hall to the restaurant. We did not do this, as we had plans to try another place. Next time!

The acoustics are superb in the auditorium and the concert was divine. About an hour-and-a-half in length, and the traffic flow was simple. I was very impressed with the place and now have their website handy to check upcoming concerts. Check it out.

## Meet TCCW's New Pastor

Have you ever been “the new kid” at school or work? It can be an awkward time, can't it? You feel a little lost, you don't know the key players, and you have to get the lay of the land before you can be effective at your job. Then one day, thankfully, you realize you finally feel like part of the group and the discomfort finally passes.

As the new Bridge Pastor at Trinitarian Congregational Church of Warwick, I feel a little like I described above! There are many new folks to meet, new systems to learn, and a lot of listening to do. Thankfully, I always know I am not moving forward all alone, but with God softly whispering in my ear, “Don't worry, I have your back and you CAN do this!”

It is nice to “meet” all of you here on the pages of this newsletter, and I'd like to share a little about myself...and hope you will tell me all about yourself when we one day meet in person! I have come to ministry through an alternative path and have completed training with the United Church of Christ. I am also an ordained Interfaith minister, having graduated from seminary in June 2022. Prior to entering ministry full-time, I worked in many varied settings including everything from being a licensed pest control technician, to an insurance agent, to an International Customer Service agent for an antibody manufacturer! I spent the past 15 years homeschooling our five children, all of whom were adopted from orphanages in Kazakhstan and Kyrgyzstan. I have been married to my high school sweetheart, Dominick, for 38 years. I currently reside in Rindge, NH, having moved from Western Colorado, and I also serve as the Outreach Pastor at the Athol Congregational Church.

Beginning the third week in August, I will have office hours at the church on Wednesdays from 10 am – 2 pm, and I invite you to drop by and say hello! Or reach out via email or text anytime. I'd welcome the opportunity to chat and get to know you!

In Light and Love,

Rev. Cindy LaJoy

## Moores Pond Beach Committee

August is here and that means Old Home Days with all of its events and celebrations. On Sunday, August 25th at 2:00 p.m., the Beach Committee is sponsoring a Boat Parade Extravaganza! All boats or floatable devices are welcome. So, bring your paddle boat, paddle board, kayak, canoe, sailboat or motorboat. If your boat has a motor, it must not exceed 10 HP or 5 MPH. Decorations are encouraged but not required in order to participate. There will be a spectator's vote for the fans' favorite boat. Prizes will be awarded to the top three boats.

There will be a signup sheet at the Beach and a RELEASE FORM which must be completed to participate. Forms can be picked up at the Town Hall or the Warwick Library prior to the event, or at the Town Beach on the day of the event. Get your creativity rolling, and we're looking forward to a great day!

Memories of the Past  
Presented by:  
Warwick Historical Society

Did you know that Warwick once had its own phone system? You can still see one of these phones at WHS. The following is from a "History of Warwick in 15 Objects."

The party line connected six original telephones on the west side. Chestnut poles were strung with copper wires, and a wall-mounted, battery-powered box with a crank on its side made communication possible. George Shepardson carried out maintenance on the west side of town and Nils Ohlson was responsible for the east side. The six original phones belonged to George Shepardson, Nils Ohlson, Abbie and Anne Stevens, Eugene Whipple, and Mary White.

Mary Sisson, who was the daughter of the owner of the Warwick Inn, came on the line each morning at 9:00AM and in a cheerful voice, told everyone the time and the day's weather report. Individual lines were accessed by distinctive ring tones, such as one short and two long. Each of the six telephones had its own distinctive ring. All of the phones rang when a call was made and everyone knew who was being called. It is said that all your neighbors' juicy gossip could be heard by simply picking up your earpiece. This was probably the predecessor of the Warwick "L".

Pick up a copy of "History of Warwick in 15 Objects" for sale at WHS for more of this and other stories.

## Town Coordinator David Young for Warwick Community Newsletter - August

I first met Larry Kilroy when I moved to Warwick in 1978. He and Bob Foote were building Dana and Diana's house, and I was owner-building mine out of salvaged barn lumber. Larry, I learned is an Naval Academy graduate who married the admiral's daughter and settled in Warwick. He and Andrea went on to teach at a local prep school, and he has rehabilitated at least ten Warwick homes that I can count. On behalf of Warwick, I want to note his generous and skilled volunteerism. Very recently Larry repaired the granite fence posts on the town common that were mowed down by a car accident. That accomplished, a few weeks ago he took on the task of installing the roof deck at the performance pavilion we are building at the school. The lumber for the pavilion was donated by Steve and Janice Kurkoski. They sent logs to C&N Rough Cut who milled the boards; and the FCTS undertook the surfacing and trimming one end. Thank you, Larry and the cadre of volunteers, for making our town a more beautiful and enjoyable place!

Another person we want to honor is our educational consultant, Susan Hollins. Susan lives in Greenfield and is a retired school administrator, having served in many capacities including superintendent. She worked for us for incredibly low compensation for three years leading our planning. The result of her efforts was the creation of the Warwick School District, which has given us more autonomy and flexibility in our educational system. We will be honoring Susan and others who were instrumental in the formation of our school district on Old Home Days on Saturday, August 25th. Please join us in celebrating this milestone and thanking Susan for her invaluable service to our town.

I have noticed an increasing number of no trespassing signs popping up around town. The first part that I find disturbing is that you cannot legally attach a no trespassing sign to a public shade tree. In fact, when I read the law years ago, when I was a logger, I was surprised to learn that you cannot attach it to any tree in the public way, only a fence post. There is also a downside to posting your land against trespass, and that is that you remove the effective Good Samaritan liability shield that is granted to you in Massachusetts for not posting; for allowing the public to walk, hunt, and fish on your property, for, in short, not posting. It is counterintuitive that posting your land increases your civil liability exposure. It does.

In case anyone besides me is keeping score, Spectrum began taking on internet customers about the first of this year and competing with WBS. We are now a good solid six months in, and Warwick Broadband has seen 76 of its former customers move to Spectrum. We still have 162 Warwick paying customers on the WBS system, and we appreciate your loyalty and support. My expectation was that we would lose half of our customers. As ever the number to text or phone us is 413.676.9544.

Grover Cleveland was president that year, and later became the only president to leave the White House and return for a second term four years later (1885-1889 and 1893-1897).

"Snow Pudding": In half a package of Cox's gelatine, pour over it a cupful of cold water, and add one and a half cupfuls of sugar; when soft, add one cupful of boiling water and the juice of one lemon; then the whites of four well-beaten eggs; beat all together until it is light and frothy, or until the gelatine will not settle clear in the bottom of the dish after standing a few minutes; put it on a glass dish. Serve with a custard made of one pint of one pint of milk, the yolk of four eggs, four tablespoons of sugar, and the grated rind of a lemon; boil.

**Monthly Short Story Hour: Thursday, Aug 22nd @ 7:30 pm.** We'll read selections from *Strange Pilgrims*, a collection of stories by Columbian writer Gabriel Garcia Marquez. Marquez is the author of many novels and collections of stories, including *One Hundred Years of Solitude* and *Love in the Time of Cholera*. He was awarded the Nobel Prize for Literature in 1982. Come to read or just to listen.

**Old Home Days activities - August 24th.** The Library will be open from 10 am to 2 pm. Outside, John Lake of Orange will be carving a sculpture from a wood stump on the Library lawn, in honor of Charlie Brown, who donated the tree (which was taken down recently because of its impaired condition).

Charles L. "Charlie" Brown lived all his 93 years in Warwick, from April 7, 1924 to November 15, 2017. He served in the Navy during WWII and then met his sweetheart, Elaine Brown, at the Warwick Inn after he returned home. Charlie was very active in the Warwick Historical Society.
