

Dear Warwick Residents:

This Fall (dates to be determined) voters in Bernardston, Gill, Leyden, Montague, Northfield and Warwick will decide if they wish to approve the formation of a new Six Town Regional School District: the Great River Regional School District.

The Six Town Regional Planning Board (STRPB) will submit Warrants for consideration by each town through either a Special Town Meeting or Special Election. If the State legislation is enacted authorizing all participating towns to hold a Special Election, voting would take place at the polls in each respective town.

A Special Election would provide residents a greater opportunity to participate through expanded polling access and hours. Regardless of the voting venue, the STRPB intends to bring forward its recommendation this Fall.

Attached is the Six Town Regional Agreement for your review. It can also be found on the homepage of the STRPB website: 6towns.org

If you have any questions or comments, please visit the Contact page on the website. Thank you for your participation and engagement in this process.

This Regional Agreement Proposal is respectfully submitted by the Six Town Regional Planning Board.
